

Parent/Guardian Consent Form for Student Sponsorship

The Volta Revival Foundation would like to offer your child/student the opportunity to be sponsored through their education. This means that they will receive necessary items to continue their education such as books, supplies, clothes, meals, and other necessities. We realize that you are working very hard to support your child/student, often causing financial hardship and difficult decisions such as whether to fund their schooling, or provide them with food. Because of this, we have selected your student/child as a recipient for school sponsorship.

If you agree, your child/student will be paired with a donor (sponsor) who will donate funds to the Volta Revival Foundation for the maintenance of the student so they can focus on their education. Students will be asked to write to their sponsors during every break. All supplies needed for the student will be dispensed by the school, or by the Volta Revival Foundation. For any questions please contact Mershack (or Pappy) at 0205766694 or Monique at 0559223445.

I, _____, Guardian of, _____, hereby consent to the sponsorship of my child by the Volta Revival Foundation and the sponsor to support my child through their education. I understand that if, for whatever reason, the sponsor decides to discontinue their monthly donations that my student will lose sponsorship, and the costs of their education will be my responsibility.
